

**CMBC AGM
October 2, 2008**

Minutes

1. Intro

- Devon gave a brief overview of what CMBC does for the community, what members receive from joining club, insurance cost break down.

2. Additions to agenda

- Description of needed Board positions
- Need to promote more recreational aspects of club

3. Update on last year by Devon and Jonah

- Lost Board members for 2008 season – too much work for only Jonah and Devon to do
- 2008 season had one major event a month as opposed to 2007 where we hosted biweekly smaller events. CMBC is still trying to find the right blend.
- DH race was very successful.
- DH race, high school mt bike races successful – why low registration for KOC? We need to figure out why?
- Trail advocacy is needed as more trail issues are arising. Ie. The destruction of Boogaloo stunts
- All CMBC supported organized events for 2008 were successful (24 hours of light, Dri-Tri, Long Lake Triathlon, Thursday social rides). King of the Canyon is not a CMBC event but Yukon Cycling Association championship race. Fury of the Yukon did not go ahead this year. Volunteers are needed for this event to work.

4. Vote on 2009 Board members

Nominations submitted and accepted for the following positions:

President	Devon McDiarmid
Vice-President	Sierra Van Der Meer
Treasurer	Kris Gardner
Secretary	Marsha Cameron
XCountry Director	Jonah Clark
DH Director	Justin Mullan
Recreation Director	Tony DeLorenzo

Trail Director	Thane Phillips
Communication Director	Paul Gowdie

5. Discuss need for volunteer positions for Members at Large

- We need to arrange to have committed volunteer ride leaders and their rides posted a month ahead of time on website (for Thursday night social rides)
- Marketing of club events and promotion of club registration
- Volunteers for running various events – will post on the website as needed
- Volunteers needed for dirt jump park construction
- Need Director and volunteers to start running kid/youth section of CMBC. The high school races show there is an interest in mountain biking and we should provide an outlet for this.

6. Other items

- Update on dirt jump park: The site at Mount Mac has been confirmed. The park will be a City of Whitehorse venue, similar to Skate Park. The park has already been designed by Jay Hoots. Hopefully we will break ground next spring.
- Club is looking into organizing club member travel Outside to attend mountain bike competitions.
- Increase the amount of structured events/races from the 2008 season. Ice bike races, single speed races, fun rides, mountain bike festival
- We need to utilize calendar on our website
- CMBC website to be revamped to make more user friendly. It will be updated regularly for the 2009 season.

7. Adjournment 8:30pm.

8. Next Board meeting Sunday, October 5, 2008.
